

New changes at TAS Schäfer GmbH

Dear Sir or Madam,

changes are an opportunity because they open new ways to improve yourself! According to this motto, I am pleased to be able to announce a change in the team of TAS Schäfer GmbH.

My name is Christian Kurz. From the first of January, 2016, I will support the team at TAS Schäfer GmbH as sales manager. Together with my colleagues we would like to continue our close relationship with our customers. Furthermore, we would like to improve our product development and the customer service in our company. With our slogan “Quality in every continent”, we underline the importance of reliability and work daily for the satisfaction of our customers. For us it is very important to be a reliable partner and to continue our trustful cooperation in the future.

I studied at the University of Economics and Management in Essen and graduated with a Master's degree. In addition to studying I have collected many years of experience as a financial consultant and corporate account manager in a well known credit institution. Therefore, I was given the chance to prepare myself in different areas of responsibility for the new task as Head of Sales at TAS Schäfer GmbH.

As the stepson of the General Manager, Udo Schäfer, I am representing the third generation of our family in the company and I am proud to be able to carry on the family tradition.

My aim is, together with our development and engineering department, focus stronger on solution-oriented advice for our clients and to offer them a superb service and advanced products. The inhouse production of our products guarantees a high degree of flexibility and makes it possible to offer proven standard as well as customized individual solutions.

I am looking forward to a successful and trustful cooperation with you and wish you and your family a Merry Christmas, good health and success for the coming year.

Yours sincerely

Christian Kurz M.Sc.
Sales Manager
